Notification regarding the cleaning instructions for reusable Devices provided by DePuy Ireland UC

Products Impacted: See Attached List

Type of Action: For Information Only

Date: July 2018

Attention: Users of reusable Devices provided by DePuy Ireland UC

Product description: See Attached List

DePuy Ireland UC is issuing this notification which is for information only to all users of DePuy Ireland UC reusable devices. All re-usable devices supplied by DePuy Ireland UC are accompanied by Instructions for use (IFU'S) which describe the cleaning instructions applicable to a particular Device. However, there may be situations where the user does not retain the IFU post receipt of the device and in that case the link to the cleaning instructions provided by DePuy Ireland UC may be lost. The purpose of this notification is to link the instructions for use which contain the cleaning instructions for all reusable devices with the device product codes in addition to the information already provided in the IFU's included with the devices.

The attached lists all re-usable devices and their applicable IFU and can be used for reference.

Please undertake the following actions:

- Circulate the attached notification to all users of reusable devices supplied by DePuy Ireland UC
